YEMENI PEACE COUNCIL CONDEMNS U.S. BASES

IN INDIAN AND PACIFIC OCEANS

ADEN, APRIL 6, ANA

The Yemeni Council of Peace, solidarity and friendship with peoples, re-affirmed call to make the Indian and Pacific Oceans a free Zone from all weapons and military bases so as to secure stability and security of the people of the regions.

It clarified in a statement issued on the occasion of Asia-security week, that the political and military situations in Asia featured with distinguished character within the international situation due to the serious risks threatening sovereignty, security and stability of several peoples resulted by tangible escalation of imperialist aggression which changed the continent to huge store of fleets and military rallies of the NATO.

The statement condemned the U.S.A. bases in the Indian and Pacific Oceans and other region in Asia and Africa, indicating that they threatening direcly the peoples of the Continent and puting the continent as a goal for the destuctive weapons, and destabilizing the security and stability of the region.

It clarified the braggart of U.S.A imperialism in announcing the region as vital interest and its readiness to interfere in Domestic affairs of several countries, encouraging and supporting the Zionist settling entity in occupied Palestine in context of its attempt to silen the liberation struggle of the peoples of the continent and aiming at creating tension regions to flare-up regional wars threatening security and stability of the world.

40TH ANNIVERSARY OF WORLD HEALTH ORGANIZATION

ADEN, APRIL 6, AIA

P.D.R.Y. celebrates with the rest of the States throughout the World on the 40th anniversary for founding the W.H.O. of United Nations which was established on 7th April 1947.

The joining of P.D.R.Y. since independence to this organization, contributed in its backing the regional and international Conferences and implementing its Health policy, specially in following the Primary Health care policy which was announced by W.H.O. in 1978, where P.D.R.Y. announced its Committment on this policy.

In view of health development results through two decades in which in P.D.R.Y. more than 450 health installations starting with health Clinic passing with central education Hospitals.

The citizens need of health services reached 65% in 1987 which was 10% during the independence period.

The health developing measures accompanied with national efforts for promoting the development of the national health cadre skillness. At this level great successes were achieved which formed a strong base for giving services to the whole Governorates of the Republic.

The development of education health institutions and the graduating of health cadres from different specialities consider an indicator which reflex the level of the present development of health sector in the sphere of developing the human resources.

During the past years, the health services witnessed the expansion of bilateral cooperation sphere with an increasing number of friendly and brotherly countries and also the international organizations working in health care sphere, where health preventive projects foundation were completed since 1970 which were supported materially and technically by W.H.O. which its number reached by the end of 1986, 22 projects.

At the present the Public Health Ministry shoulders tasks and several aims which were specified in the basic trends of its programmes from 1986 until 1990, regarding the implementation of the cadres activities and health organizations for achieving the direct health aims.

P.D.R.Y. made a good progress in health and social development course where 45 persent is provided with indicators agreed on them internationally for measuring the level of health care development which were specified by the W.H.O.

In response of W.H.O. announcement and its Motto for this year for prohibition of Smoking, the Public Health Ministry presented a memorandum in this regard to the Cabinet yesterday connected with smoking; where the Cabinet adopted the prohibition of smoking in Cinemas and closed places and Theatres.
